## Notes:

Beautiful places like Al Mugheirah Resort, and all the animals who live here, are in danger of disappearing forever. To find out how we are helping to protect them, just ask a Camp host! But that is not enough - we need your help.

Here are some of the things that you can do, to ensure a better, greener, healthier and happier tomorrow, today. It doesn't matter if you're big or small, every effort is epic!

- Say 'no' to plastic and choose reusable water bottles or paper straws
- Organise neighbourhood recycling drives (get an adult to help find a place to safely recycle everything that can be recycled!)
- Clean up your local park
- Help your mum, dad or guardian with the weekly shop and choose produce grown locally
- Don't throw away your old toys and clothes, donate them to children in need
- Never, ever litter - carry your rubbish until you find a bin
- Encourage your family and friends to become EnviroWarriors and share your stories with us by tagging [babalnojoum\\_almugheirah](#)
